

A night sky with the Milky Way galaxy visible, a person holding a flashlight in a desert landscape, and a bright light source on the ground.

Welcome to Bruderheim Home of the Bruderheim Meteorite

*What Communities in Bloom Means to Our
Community*

Native plants at Interpretive
Center

Native plants, flowers
and trees integrated
into the gardens.
Bruderheim is
involved in a climate
adaptation program
as part of Resilient
Rurals.

“We work on environmental stewardship through the enhancement of green spaces as evidenced by the work in our green spaces & the trees planted every year!”

-Mayor Hauch

Native plants at Brookside Entrance October 2023

Being good stewards of the land & controlling
& mitigating invasive weeds.

-Mayor Hauch

SUNSET & WEST WOODLANDS SUBDIVISIONS NATURAL AREA

SUNSET AND WEST WOODLANDS STORM DETENTION POND NATURAL AREA

The Subdivision of Sunset (located to the east) was built in 1975 and in 2008 the Subdivision of West Woodlands (located to the west) began construction.

There are several phased developments within the West Woodlands Subdivision. Sunset and West Woodlands Subdivisions are linked by a walking trail that surrounds the storm detention pond.

Spring run-off water drains through the fields located to the south of Bruderheim. When we receive lots of rain and/or snow, the storm detention pond fills with water as it drains from the fields and follows the crick leading to the north and eventually draining into Beaver Creek which joins the North Saskatchewan River further to the north of Bruderheim. On a very wet year, the water can spill over the walking trails, thus creating dangerous fast moving water flow that is trying to leave site through small canals and culverts. (See photograph of one of these occurrences below).

During the summer and fall season, this area is home to wildlife, native plants, insects and birds. Residents and visitors to the area enjoy nature's bountiful opportunities for relaxation, learning, exercise and gardening.

Black bear, moose, deer and fox have frequented this area- utilizing the tall grass and natural surroundings to accommodate their needs. There are a variety of wild native flowers growing within the tall grass; ever changing based on the season and climate during the year. In the late fall, a local farmer cuts and bales the hay for his animals.

Wildlife visit
the area

Green My City Grant-CNLA

“We work on environmental stewardship through the enhancement of green spaces as evidenced by the work in our green spaces & the trees planted every year!”

-Mayor Hauch

“Volunteers of all ages are helping to foster, develop, and maintain activities and programs that benefit our community.”

-Mayor Hauch

Youth Council

“It is difficult for a small town with a small budget to work with to initiate change, however with a strong team of volunteers & company's always stepping up to invest in our community, we are making an impact!”

-Mayor Hauch

Examples of Industry Partners: Fortis Alberta, Cenovus and Inter Pipeline.

Industry partners often come to Bruderheim for team building opportunities making a difference in our community.

**“We always have
year-round projects and
continuous improvement for
the betterment of our
community, inspired by
young & elderly!”**

-Mayor Hauch

**“There are many social benefits to CIB as
well. We see an increase in civic pride and
community involvement, evidenced by the
number of volunteers in our community. We
are seeing participation from all ages and
walks of life of our town who are working
together for a common goal.”**

-Mayor Hauch

**“Preserving natural and built heritage conservation for
example Walker School, and the natural waterway in town.”**

-Mayor Hauch

“We've got durable benches set up for residents and visitors to sit at. Our gazebo is a welcoming place for residents and visitors. This gazebo is used by our seniors and our youth. It is a central location in our community. Many functions and events are also hosted here.”

- Councilor Jacobs

“To me it is making our community not only visually appealing but also where you feel drawn to the community. As soon as you drive into our community you see the beautiful flower bed that surrounds the "Welcome to Bruderheim" sign, but the further you drive into Bruderheim the more you see.”

-Councilor Jacobs

**“We work on
environmental
stewardship through
the enhancement of
green spaces as
evidenced by the work
in our green spaces &
the trees planted every
year!”**

-Mayor Hauch

**“Community gardens can
provide fresh produce to
residents that might be in
need or just for healthy
choices.”**

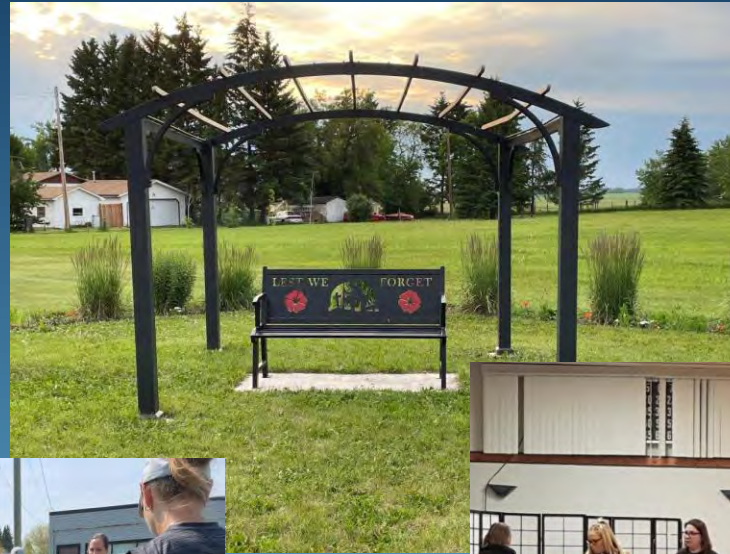

-Deputy Mayor Olechow

Bruderheim as a community has many events organized by the Town of Bruderheim and non-profit groups. Bingo, Craft Markets, Family Day, Easter Egg Hunt, Sanctioned Rabbit Shows, Haunted House, Canada Day, Alberta Days, Cultural Days (Truth and Reconciliation and National Indigenous Day) Fall Festival, Remembrance Day and Christmas Events.

Bruderheim Residents care about our Town! They keep their yards Beautiful.

**This is Bruderheim we love our Town.
“Community in bloom initiatives
enhance the quality of life for residents
and create more sustainable and
vibrant communities.”**

–Deputy Mayor Olechow

**We are Growing A Great
Place Together!**

-Mayor Hauch

**Communities in Bloom – “Provides
opportunities for social interaction and
community bonding and promotes physical
activity and can reduce stress.”**

-Deputy Mayor Olechow
